MOPEC LEG LOCK

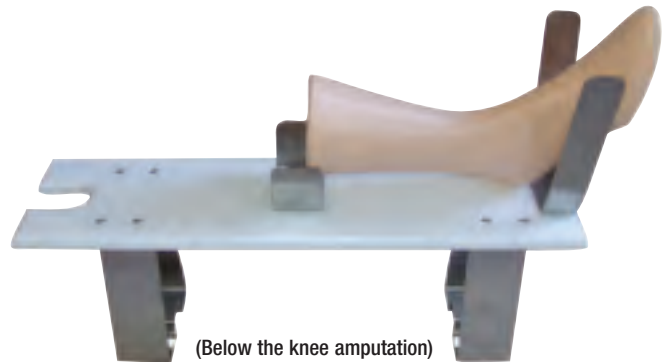

Exclusive to Mopec, the Amputation Dissecting Board was designed by a pathologist that saw the need for additional help during a routine dissection. The Amputation Board is sturdy and stands by itself on any table or surface. The heavy gauge stainless steel u clamps hold the foot securely in place.

CARE AND CLEANING

The leg lock can be cleaned and disinfected with any of Mopec's disinfectants as listed in the catalog. Just wipe clean or use with running water.

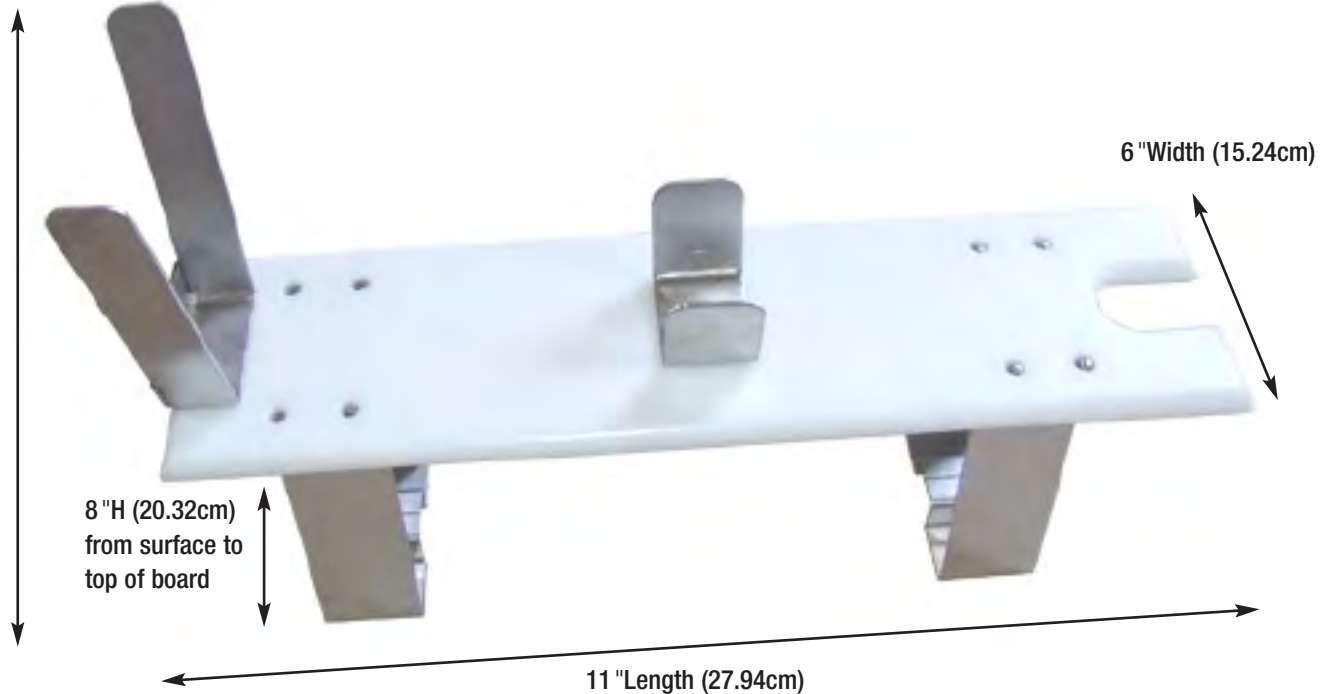

No matter the size, the leg is held securely in place
